

**JENTSCHMANN AG**  
SWISS PRECISION, COMPETENCE AND INNOVATION

## Panelmaster Ultrasonic from Jentschmann - production of ultrasonic duvet production made easy!

Dear Sir or Madam,

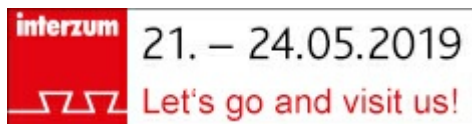

You may also be interested in efficiently producing your quilts or mattress panels, but what does efficient production actually mean? Efficient production has a name ... **Panelmaster Ultrasonic!**

You would like to get to know this machine? Visit us at the trade fair interzum in Cologne. We invite you and give you the ticket. Click on the button below and fill in the details in the prepared e-mail text.

Gain a first impression of this new and unique machine. Download the PDF brochure and watch the [YouTube video](#), which will increase your interest in seeing the machine live.

Another big advantage of visiting the exhibition is that our competent consultants Calo Liberti and Sascha Hanft show you the machine and answer all your questions.

We're looking forward to your visit!

Our booth is in:

**Hall 9.1, booth B-031**

[please send me a ticket](#)
